How We Work & After-Sales 20

- Contact 21

Wellness Should
Feel Personal

VYRO brings premium saunas, cold plunges and complete wellness spaces to Indian homes and businesses.

Wellness should fit naturally into everyday life. The best ritual is the one you'll actually keep — so we design for consistency, comfort and calm rather than extremes.

Technology should be functional, beautiful and quietly easy to live with. Every person, home and business has different needs, so we help you shape a wellness experience that feels right for your life.

THE VYRO DIFFERENCE

Expert Advice Before. Real Support After.

01

Expert Wellness Consultants

Every VYRO project is guided by a wellness consultant with in-depth knowledge of each product and of what works in the Indian market — so you choose the right fit for your space.

02

10 Years of Heater After-Sales

Every VYRO sauna heater comes with 10 years of after-sales service: a 1-year comprehensive warranty, followed by 9 years of service support and spare parts (parts and labour charged).

03

Woodwork Workmanship Warranty

Sauna woodwork carries a 6-month warranty against workmanship defects, subject to warranty conditions.

04

AMC on Every Product

Annual maintenance contracts are available for every VYRO product, so your sauna, cold plunge or wellness space is looked after year after year.

SAUNA
Haven Series

Traditional, glass-front, infrared and compact cabins, crafted in spruce with six wood upgrades and installed by our team across India.

Haven
Series at a Glance

Four ways to sauna. Every Haven cabin is crafted in spruce as standard, with six premium wood upgrades, and installed by our team across India.

SIZE GUIDE

Size	Width (approx.)	Seats
Small	Approx. 3.9–4.9 ft wide (1.2–1.5 m)	1–3 people
Medium	Approx. 4.6–6.2 ft wide (1.4–1.9 m)	4–6 people
Large	Approx. 6.2–7.2 ft wide (1.9–2.2 m)	6+ people

Sizes are indicative. Your consultant confirms final dimensions for your space.

S-SERIES

Haven Classic

The traditional Finnish sauna cabin in warm spruce, with tiered benches and a solid timber door.

G-SERIES

Haven Glass

A full glass front that opens the room up to light and to your view.

IR-SERIES

Haven Infrared

Gentle radiant warmth from infrared panels, for easy everyday sessions.

C-SERIES

Haven Compact

A slim cabin made for apartments and smaller rooms.

Haven
Classic

S-SERIES

Our signature cabin. Clean Nordic lines, spruce inside and out, and a layout that suits private homes and shared sessions alike.

- Traditional cabin heated by an Ember sauna heater and stones
- Timber door with a tall glass panel
- Three sizes, from private sessions to 6 or more

S-01 · Small

S-02 · Medium

S-03 · Large

Model	Size	Width (approx.)	Seats
S-01	Small	3.9–4.9 ft (1.2–1.5 m)	1–3 people
S-02	Medium	4.6–6.2 ft (1.4–1.9 m)	4–6 people
S-03	Large	6.2–7.2 ft (1.9–2.2 m)	6+ people

Haven

Glass

G-SERIES

A contemporary spruce cabin with a full glass façade — an open, airy feel that becomes a design feature of the space it sits in.

- Full glass façade in a black frame
- An open, airy feel that becomes a design feature
- Three sizes, up to a 6+ person statement sauna

G-01 · Small

G-02 · Medium

G-03 · Large

Model	Size	Width (approx.)	Seats
G-01	Small	3.9–4.9 ft (1.2–1.5 m)	1–3 people
G-02	Medium	4.6–6.2 ft (1.4–1.9 m)	4–6 people
G-03	Large	6.2–7.2 ft (1.9–2.2 m)	6+ people

Haven
Infrared

IR-SERIES · IR-01

Infrared panels warm the body with gentle radiant heat at lower air temperatures — a calm, simple option for daily use.

A compact infrared cabin for 1–2 people with gentle radiant warmth.

- Infrared panels instead of a heater and stones
- Black-framed glass door
- Gentle warmth at lower air temperatures

Model	Size	Width (approx.)	Seats
IR-01	Small	3.9–4.9 ft (1.2–1.5 m)	1–2 people

Haven
Compact

C-SERIES · C-01

Designed for urban homes — a compact spruce cabin with a clean front and the heater tucked out of sight.

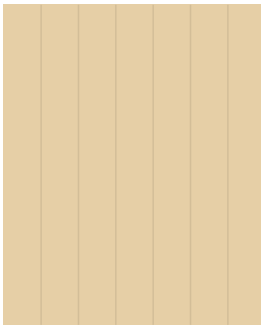

A slim, space-saving cabin made for apartments and smaller rooms.

- Space-saving footprint for apartments
- Glass door with a clean timber front
- Heater tucked neatly out of sight

Model	Size	Width (approx.)	Seats
C-01	Small	3.9–4.9 ft (1.2–1.5 m)	1–3 people

Choose
Your Wood

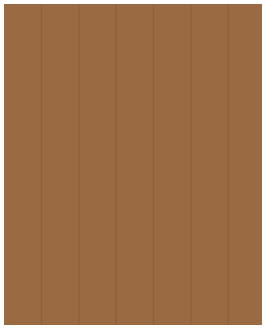

Every Haven cabin is crafted in spruce as standard. The upgrades change the colour, grain and character of your sauna — your consultant will help you choose for your space.

STANDARD

Spruce

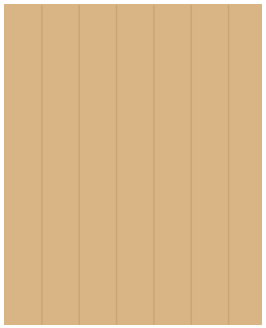

Pale, light and clean-grained — fitted as standard on every Haven cabin.

UPGRADE

Thermo Pine

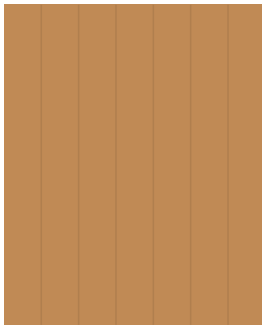

Heat-treated pine with a deep caramel-brown tone.

UPGRADE

Hemlock

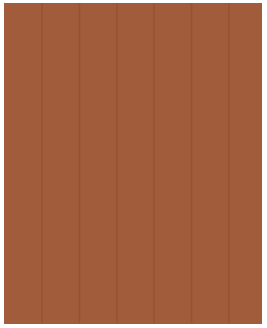

Even, straight grain in a soft light-honey colour.

UPGRADE

Cedar

Warm golden-brown tones with its familiar aroma.

UPGRADE

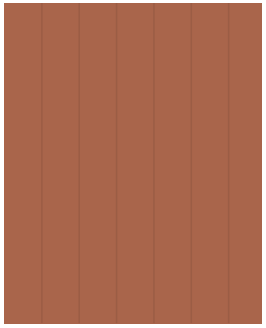

Red Cedar

Rich reddish-brown wood with strong natural character.

UPGRADE

Aspen

Very pale, smooth and nearly knot-free.

UPGRADE

Eucalyptus

Warm reddish tones with a fine, dense grain.

Swatches are indicative; timber is a natural material and every board varies. See samples with your consultant.

Ember
Sauna Heaters

Floor-standing, tower and wall-mounted heaters in stainless steel or matte black. Your consultant matches the heater to your cabin and room.

FLOOR HEATER

Ember E-01 Stainless

A stainless floor-standing heater with an open stone basket for rich, even heat.

TOWER HEATER

Ember E-02 Stainless

A tall cylindrical tower holding a large stone mass for a soft, steamy atmosphere.

FLOOR HEATER

Ember E-03 Black

A matte black heater with a deep separate stone compartment.

WALL-MOUNTED HEATER

Ember E-04 Stainless

A space-saving stainless wall heater with a wide stone tray.

TOWER HEATER

Ember E-05 Black

A slim black tower that suits modern interiors and corner placement.

WALL-MOUNTED HEATER

Ember E-06 Stainless

A classic wall heater with simple built-in knobs — traditional and easy to use.

AFTER-SALES

10 years of heater after-sales

A 1-year comprehensive warranty, followed by 9 years of service support and spare parts (parts and labour charged).

Pulse
Control Panels

Simple buttons or a black-glass touch dial — mounted on the wall beside your cabin.

BUTTON CONTROL

Pulse CP-01

A simple wall-mounted panel with two buttons and a clear display.

TOUCH CONTROL

Pulse CP-02

A sleek black-glass touch panel with a single glowing dial.

Ritual
Accessory Sets

Bucket, ladle, timers, backrests and towels, in spruce or matte black.

SPRUCE

Ritual Classic

The essentials — bucket, ladle, climate gauge and towel.

SPRUCE

Ritual Essential

A fuller set with backrest, headrest, sand timer and towels.

BLACK & SPRUCE

Ritual Signature

Matte black pieces with spruce handles, for a refined ritual.

BLACK

Ritual Noir

A bold all-black geometric set with waffle towel and headrest.

VYRO GLACIER · MADE IN INDIA

Cold Plunge

Three Glacier plunges launch on 1 January 2027: Barrel, Portable and Acrylic, each with the 1HP chiller and installation included. Available first in Delhi NCR, Bangalore, Mumbai and Goa.

Power supply	Single phase
Wiring	2.5 mm² or 4 mm²
Water supply	1 water inlet point
Drainage	1 drain point, for discharge when needed

Installation is available first in Delhi NCR, Bangalore, Mumbai and Goa. Your consultant confirms power, water and drainage for your space before installation.

Glacier
Chillers

Chillers launch with the tubs on 1 January 2027. Every launch model includes the 1HP chiller; the 2HP is the upgrade for faster cooling (+₹1,20,000 over the included 1HP).

HOME & PERSONAL USE

Glacier Chiller 1HP

₹1,78,000 MRP (chiller only)

Included with every Glacier launch model. Our compact chilling system for home plunges and personal use.

FASTER COOLING, LARGER TUBS & COMMERCIAL USE

Glacier Chiller 2HP

₹2,98,000 MRP (chiller only)

The upgrade for faster cooling (₹1,20,000 over the included 1HP) — and our more powerful system for larger tubs and busier spaces like gyms and spas.

Project
Collection

Coming soon for custom and premium projects — villas, wellness suites, gyms and hospitality. Ask your consultant to plan one into your space.

COMING SOON

ONE-PIECE SHELL

Glacier Pro

A sturdy one-piece shell in matte black, built for a daily cold ritual at home or in the gym.

COMING SOON

STAINLESS STEEL

Glacier Steel

An oval stainless steel plunge with rounded ends and a brushed-metal finish, with no timber cladding.

COMING SOON

TIMBER-CLAD

Glacier Signature

Timber-clad with a steel rim — a statement piece for villas, wellness suites and hospitality.

COMING SOON

BUILT-IN COOLING

Glacier Integrated

A white all-in-one plunge with the chilling system housed inside the tub body, without a separate external unit.

PLANNING A PREMIUM PROJECT?

Talk to a VYRO consultant about a custom cold plunge for your space.

WELLNESS
Spaces & Commercial

Complete wellness spaces for homes, and thoughtfully planned wellness for gyms, hotels, spas and studios — heat, cold and light, with one assessment and one team.

Complete
Wellness Spaces

Heat, cold and light planned together as one space — start with a single sauna and plan for the rest, or bring everything in at once.

- One assessment — power, drainage and ventilation reviewed once, for every piece in the room.
- One design language — timber, finishes and placement chosen so the sauna, plunge and light sit together.
- One team — the same VYRO team from the first consultation to installation and support.

FOR BUSINESS

Thoughtfully planned wellness for gyms, hotels, spas, fitness studios, residential developments and architects.

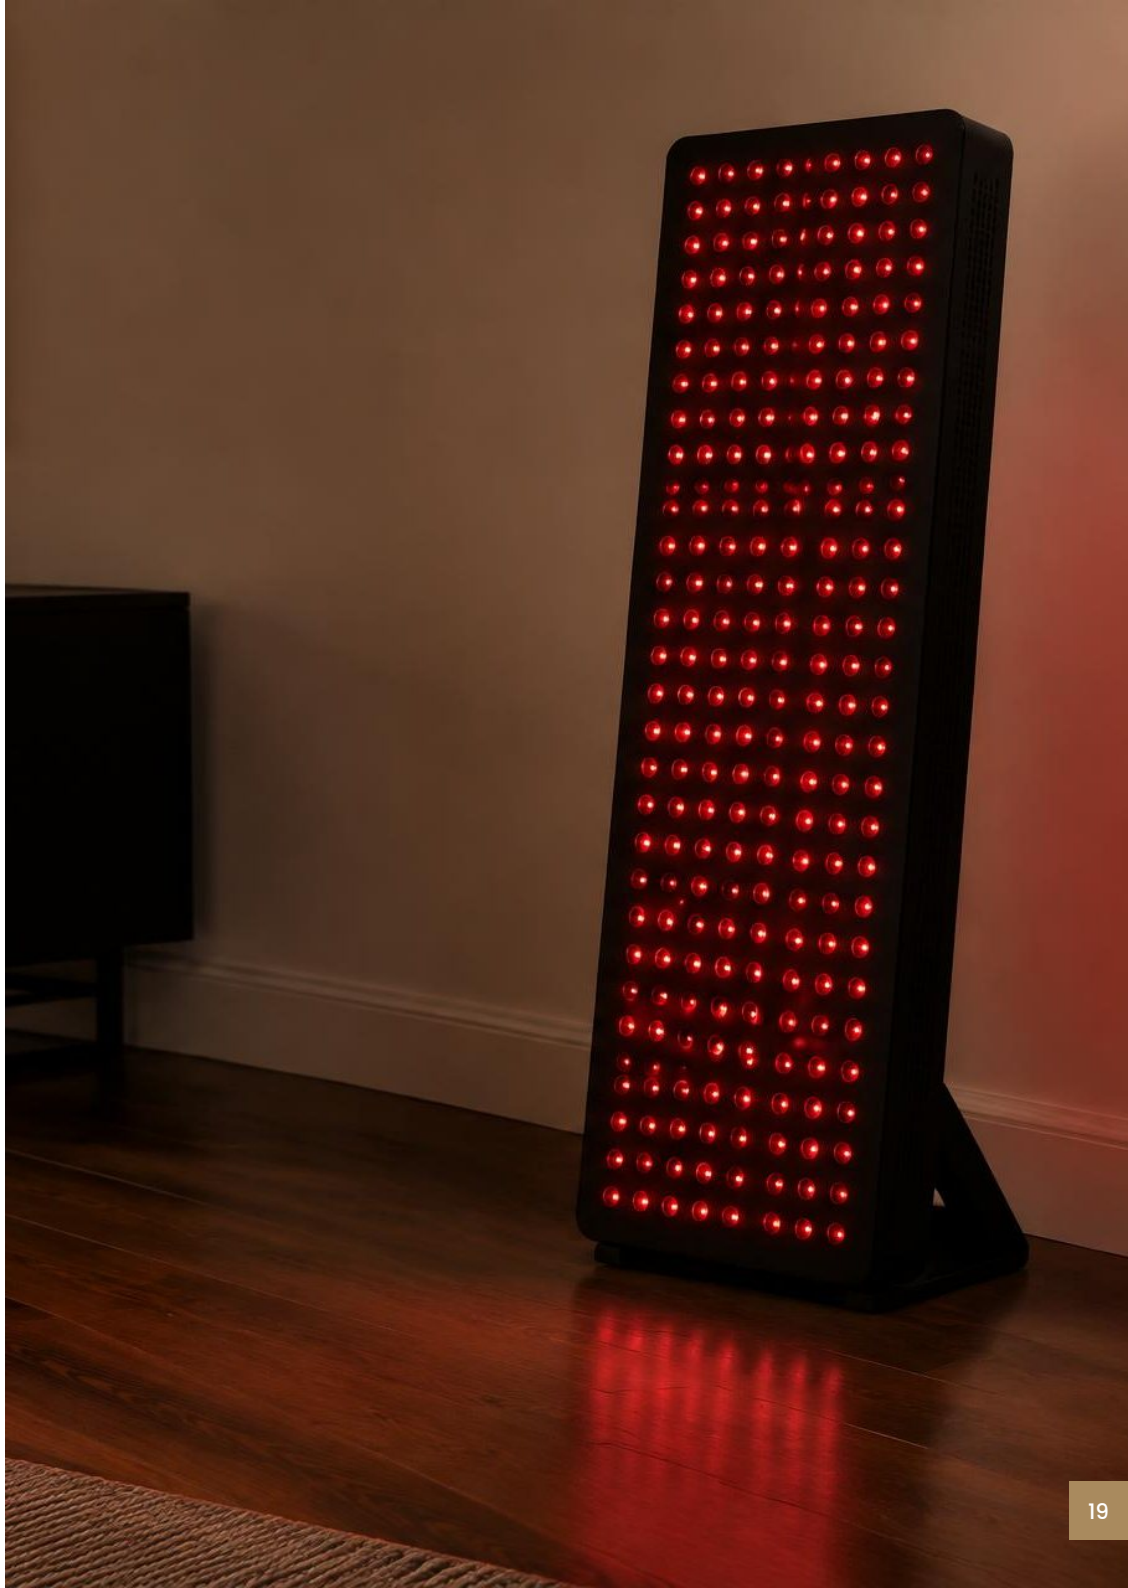

Space	What we plan
Luxury hotels & hospitality	Sauna, cold and light experiences that become part of your property's signature.
Premium gyms	Recovery zones that match the quality of your training floor.
Wellness studios & spas	Heat, cold and light woven into treatment and class journeys.
Residential developments	Shared wellness amenities planned with developers and facility teams.

Red Light
Therapy

COMING SOON

Red and near-infrared light panels are coming to VYRO — panels for personal routines and larger-format systems for dedicated rooms.

- Personal panels — designed to stand, lean or mount in a bedroom, home gym or wellness corner.
- Larger-format systems — for wellness suites, gyms, studios and spas, alongside sauna and cold plunge.
- Planning a wellness space now? Your consultant can allow wall space and power for light therapy.

From Floor Plan
to First Session

01

Space Assessment

We review your floor plan, electrical layout and ventilation requirements.

02
